ANTI-BULLYING POLICY

1. In accordance with the requirements of the Education (Welfare) Act 2000 and the code of behaviour guidelines issued by the NEWB, the Board of Management of **Coláiste Íde agus Iosef** has adopted the following anti-bullying policy within the framework of the school's overall code of behaviour. This policy fully complies with the requirements of the Anti-Bullying Procedures for Primary and Post-Primary Schools which were published in September 2013.

2. The school reserves the right to apply its bullying policy in respect of bullying that occurs at a location, activity, function or programme that is not school related if in the opinion of the principal and/or Board of Management the alleged bullying has created a hostile environment at school for the victim, has infringed on the rights of the victim of the school and/or has materially or substantially disrupted the education process or the orderly operation of **Coláiste Íde agus Iosef**.

3. The Board of Management recognises the very serious nature of bullying and the negative impact that it can have on the lives of students and is therefore fully committed to the following key principles of best practice in preventing and tackling bullying behaviour:

(a) A positive school culture and climate which

- is welcoming of difference and diversity and is based on inclusivity;

- encourages students to disclose and discuss incidents of bullying behaviour in a non-threatening environment; and

- promotes respectful relationships across the school community;

> See Table A (6.1.5.Procedures): Key elements of a positive school culture and climate, and also Appendix 2: Practical tips for building a school culture and climate.

(b) Effective leadership

(c) A school-wide approach

(d) A shared understanding of what bullying is and its impact

(e) Implementation of education and prevention strategies (including awareness raising measures) that-

- build empathy, respect and resilience in students; and

- explicitly address the issues of cyber-bullying and identity-based bullying including in particular, homophobic and trans phobic bullying;

(f) Effective supervision and monitoring of students

(g) Supports for staff

(h) Consistent recording, investigation and follow up of bullying behaviour (including use of established intervention strategies); and

(i) On-going evaluation of the effectiveness of the anti-bullying policy.

In accordance with the *Anti-Bullying Procedures for Primary and Post-Primary Schools* bullying is defined as follows:

Bullying is unwanted negative behaviour, verbal, psychological or physical conducted, by an individual or group against another person (or persons) and which is repeated over time.

The following types of bullying behaviour are included in the definition of bullying:

- deliberate exclusion, malicious gossip and other forms of relational bullying,

- cyber-bullying and

- Identity-based bullying such as homophobic bullying, racist bullying, bullying based on a person's membership of the Traveller community and bullying of those with disabilities or special educational needs.

Isolated or once-off incidents of intentional negative behaviour, including a once-off offensive or hurtful text message or other private messaging, do not fall within the definition of bullying and should be dealt with, as appropriate, in accordance with the school's code of behaviour.

However, in the context of this policy, placing a **once-off** offensive or hurtful public message, image or statement **on a social network** site or other public forum where that message, image or statement can be viewed and/or repeated by other people will be regarded as bullying behaviour.

Negative behaviour that does not meet this definition of bullying will be dealt with in accordance with the school's code of behaviour.

5. The education and prevention strategies (including strategies specifically aimed at cyber-bullying, homophobic and transphobic bullying) that may be used by the school are as follows (see Section 6.5 of the *Anti-Bullying Procedures for Primary and Post-Primary SCHOOL/COLLEGEs*):

Education and prevention strategies may include the following:

school-wide approach
- A school-wide approach to the fostering of respect for all members of the school community.
- The promotion of the value of diversity to address issues of prejudice and stereotyping, and highlight the unacceptability of bullying behaviour.
- The fostering and enhancing of the self-esteem of all our students through both curricular and extracurricular activities. Students will be provided with opportunities to develop a positive sense of self-worth through formal and informal interactions.
- Whole staff professional development on bullying to ensure that all staff develop an awareness of what bullying is, how it impacts on students' lives and the need to respond to it-prevention and intervention.
- Professional development with specific focus on the training of the relevant teacher(s)
- School-wide awareness raising and training on all aspects of bullying, to include students, parent(s)/guardian(s) and the wider school community.
- Supervision and monitoring of classrooms, corridors, school grounds, school tours and extra-curricular activities. Non-teaching and ancillary staff will be encouraged to be vigilant and report issues to relevant teachers. Supervision will also apply to monitoring student use of communication technology within the school.
- Involvement of the student council in contributing to a safe school environment e.g. Buddy system, mentoring, Lunchtime Pals and other student support activities that can help to support students and encourage a culture of peer respect and support.
- Development and promotion of an Anti-Bullying Code for the school-to be included in student journals and displayed publicly in classrooms and in common areas of the school.
- The school's anti-bullying policy is discussed with students and all parent(s)/guardian(s)s are given a copy as part of the Code of Behaviour of the school.

- The implementation of regular (e.g. per year) whole school awareness measures e.g. a dedicated notice board in the school and classrooms on the promotion of friendship, and bullying prevention; annual Friendship Week and parent(s)/guardian(s) seminars; annual or term or monthly student surveys; regular school or year group assemblies by principal, deputy principal, year heads etc.
- Encourage a culture of telling, with particular emphasis on the importance of bystanders. In that way students will gain confidence in 'telling'. This confidence factor is of vital importance. It should be made clear to all students that when they report incidents of bullying they are not considered to be telling tales but are behaving responsibly.
- Ensuring that students know who to tell and how to tell, e.g.:
    - Direct approach to teacher at an appropriate time, for example after class.
    - Hand note up with homework.
    - Make a phone call to the school or to a trusted teacher in the school.
    - Anti-bully or Niggle box?
    - Get a parent(s)/guardian(s) or friend to tell on your behalf.
    - Administer a confidential questionnaire once a term to all students.
    - Ensure bystanders understand the importance of telling if they witness or know that bullying is taking place.

- Identify clear protocols to encourage parent(s)/guardian(s) to approach the school if they suspect that their child is being bullied. The protocol should be developed in consultation with parents.
- The development of an Acceptable Use Policy in the school to include the necessary steps to ensure that the access to technology within the school is strictly monitored, as is the students' use of mobile phones.
- The listing of supports currently being used in the school and the identification of other supports available to the school e.g. GLEN www.glen.ie, BeLonGTo www.belongto.org

- Delivery of the Garda SPHE Programmes at primary and post- primary level. These lessons, delivered by Community Gardaí, cover issues around personal safety and cyber-bullying
- The school will specifically consider the additional needs of SEN students with regard to programme implementation and the development of skills and strategies to enable all students to respond appropriately.

6. The school's procedures for investigation, follow-up and recording of bullying behaviour and the established intervention strategies used by the school for dealing with cases of bullying behaviour are as follows:

6.8.9.   Procedures for Investigating and Dealing with Bullying

The primary aim in investigating and dealing with bullying is to resolve any issues and to restore, as far as is practicable, the relationships of the parties involved (rather than to apportion blame);

The school's procedures must be consistent with the following approach.
Every effort will be made to ensure that all involved (including students, parent(s)/guardian(s)) understand this approach from the outset.

Reporting bullying behaviour

* Any pupil or parent(s)/guardian(s) may bring a bullying incident to any teacher in the school.
* All reports, including anonymous reports of bullying, will be investigated and dealt with by the relevant teacher.
* Teaching and non-teaching staff such as secretaries, special needs assistants (SNAs), bus escorts, caretakers, cleaners must report any incidents of bullying behaviour witnessed by them, or mentioned to them, to the relevant teacher;

Investigating and dealing with incidents: Style of approach

* In investigating and dealing with bullying, the (relevant)teacher will exercise his/her professional judgement to determine whether bullying has occurred and how best the situation might be resolved;
* Parent(s)/guardian(s) and students are required to co-operate with any investigation and assist the school in resolving any issues and restoring, as far as is practicable, the relationships of the parties involved as quickly as possible;
* Teachers should take a calm, unemotional problem-solving approach.
* Where possible incidents should be investigated outside the classroom situation to ensure the privacy of all involved;
* All interviews should be conducted with sensitivity and with due regard to the rights of all students concerned. Students who are not directly involved can also provide very useful information in this way;
* When analysing incidents of bullying behaviour, the relevant teacher should seek answers to questions of what, where, when, who and why. This should be done in a calm manner, setting an example in dealing effectively with a conflict in a non-aggressive manner;
* If a group is involved, each member should be interviewed individually at first.
* Each member of a group should be supported through the possible pressures that may face them from the other members of the group after the interview by the teacher;

It may also be appropriate or helpful to ask those involved to write down their account of the incident(s)
* In cases where it has been determined that bullying behaviour has occurred, the parent(s)/guardian(s) of the parties involved should be contacted at an early stage to inform them of the matter and explain the actions being taken (by reference to the school policy). The school should give parent(s)/guardian(s) an opportunity of discussing ways in which they can reinforce or support the actions being taken by the school and the supports provided to the students;
* Where the relevant teacher has determined that a pupil has been engaged in bullying behaviour, it should be made clear to him/her how he/she is in breach of the school's anti-bullying policy and efforts should be made to try to get him/her to see the situation from the perspective of the pupil being bullied;

- It must also be made clear to all involved (each set of students and parent(s)/guardian(s)) that in any situation where disciplinary sanctions are required, this is a private matter between the pupil being disciplined, his or her parent(s)/guardian(s) and the school.

Follow up and recording

- In determining whether a bullying case has been adequately and appropriately addressed the relevant teacher must, as part of his/her professional judgement, take the following factors into account:
  - Whether the bullying behaviour has ceased;
  - Whether any issues between the parties have been resolved as far as is practicable;
  - Whether the relationships between the parties have been restored as far as is practicable;
  - Any feedback received from the parties involved, their parent(s)/guardian(s)s or the school Principal or Deputy Principal
- Follow-up meetings with the relevant parties involved should be arranged separately with a view to possibly bringing them together at a later date if the pupil who has been bullied is ready and agreeable.
- Where a parent(s)/guardian(s) is not satisfied that the school has dealt with a bullying case in accordance with these procedures, the parent(s)/guardian(s) must be referred, as appropriate, to the school's complaints procedures, which includes an appeal to the Principal.
- In the event that a parent(s)/guardian(s) has exhausted the school's complaints procedures and is still not satisfied, the school must advise the parent(s)/guardian(s) of their right to make a complaint to the Ombudsman for Children.

Recording of bullying behaviour

Records: Protocol
- Access to the records is open to school management and relevant teachers only.
- Records will be retained for a period of up to five years after the student leaves the school.

It is imperative that all recording of bullying incidents must be done in an objective and factual manner.
The school's procedures for noting and reporting bullying behaviour are as follows:

Informal- pre-determination that bullying has occurred
- All staff must keep a written record of any incidents witnessed by them or notified to them. All incidents must be reported to the relevant teacher
- While all reports, including anonymous reports of bullying must be investigated and dealt with by the relevant teacher, the relevant teacher must keep a written record of the reports, the actions taken and any discussions with those involved regarding same
- The relevant teacher must inform the principal of all incidents being investigated.

Informal-determination that bullying has occurred
- If it is established by the relevant teacher that bullying has occurred, the relevant teacher must keep appropriate written records which will assist his/her efforts to resolve the issues and restore, as far as is practicable, the relationships of the parties involved.
- The school in consultation with the relevant teacher/s should develop a protocol for the storage of all records retained by the relevant teacher.

Formal-Appendix 3 (From DES Procedures)
The relevant teacher must use the recording template at **Appendix 3** to record the bullying behaviour in the following circumstances:

a) in cases where he/she considers that the bullying behaviour has not been adequately and appropriately addressed within 20 school days after he/she has determined that bullying behaviour occurred; and

b) in the following circumstances bullying behaviour must be recorded and reported immediately to the Principal or Deputy Principal as applicable.
- Where the bullying behaviour poses an immediate risk to the health and safety of another student/s or members of the school community
- Where the "recipient" has disclosed that he/she is particularly vulnerable and at "risk"
- Where the alleged "bully" discloses that he/she is at risk

When the recording template is used, it must be retained by the relevant teacher in question and a copy maintained by the principal. Due consideration needs to be given to where these records are kept, who has access to them, and how long they will be retained. Decisions around record keeping should be noted in this policy.

7. The school's programme of support for working with students affected by bullying is as follows:

- In-school supports and opportunities will be provided for the students affected by bullying to participate in activities designed to raise their self-esteem, to develop friendships and social skills and build resilience e.g.
  - Pastoral care system
  - Buddy / Peer mentoring system
  - Tutor/Year head system
  - Care team / Student Support Team
  - Group work such as circle time

- If students require counselling of further supports the school will endeavour to liaise with the appropriate agencies to organise same. This may be for the pupil affected by bullying or involved in the bullying behaviour.

Students should understand that there are no innocent bystanders and that all incidents of bullying behaviour must be reported to a teacher. **Established intervention strategies may include;**
- Teacher interviews with all students
- Negotiating agreements between students and following these up by monitoring progress. This can be on an informal basis or implemented through a more structured mediation process
- Working with parent(s)/guardian(s)s to support school interventions
- No Blame Approach
- Circle Time
- Restorative Practice
- Implementing sociogram questionnaires
- Peer mediation where suitable training has been given

8. Supervision and Monitoring of Students
The Board of Management will take such steps that are reasonably practicable to prevent and deal with bullying behaviour and to facilitate early intervention where possible.

9. Prevention of Harassment
The Board of Management confirms that the school will, in accordance with its obligations under equality legislation, take all such steps that are reasonably practicable to prevent the sexual harassment of students or staff or the harassment of students or staff on any of the nine grounds

specified i.e. gender including transgender, civil status, family status, sexual orientation, religion, age, disability, race and membership of the Traveller community.

10. This policy was reviewed by the Board of Management on   15TH September 2023
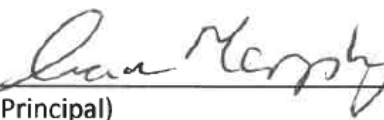

11. This policy has been made available to school personnel, published on the school website (or where none exists, is otherwise readily accessible to parents and students on request) and provided to the Parents' Association (where one exists). A copy of this policy will be made available to the Department and the patron if requested.

12. This policy and its implementation will be reviewed by the Board of Management once in every school year. Written notification that the review has been completed will be made available to school personnel, published on the school website (or where none exists, be otherwise readily accessible to parents and students on request) and provided to the Parents' Association (where one exists). A record of the review and its outcome will be made available, if requested, to the patron and the Department.

Review of Anti-Bullying Policy (Belong To)

- We believe the policy to be inclusive of the LGBTI+ community

- The overall policy is very satisfactory and inclusive of all students

- We think the school photo/crest should be placed on the first page to bring school identity to the policy

- We feel in order to incorporate the policy fully within the school community we should implement some actions further
- Eg. Display poster of the different types of bullying that can occur in school to educate students and staff on what behaviour is acceptable and not acceptable.

- From an LGBTI+ perspective a list of staff on the BelongTo co-ordination team can be displayed to support staff & students.
